ACADEMIC MENTORING

WE NEED YOU!

What is academic mentoring?

You will work with pupils on a one to one basis. They will show you some of their class work in writing or maths, or will read to you.

Your role is to build a connection with the pupil, encouraging them to share what they have been learning, asking questions, and helping them to set small targets for the next time they see you.

We trialled this with Year 6 pupils with great success and are rolling it out to the whole school.

What do I need?

- Good listening skills
- Enthusiasm
- Ability to build a connection
- A commitment of 1 hour per week
- No qualification or experience necessary
