

English

Writing for a variety of purposes:

revisit and reflect on pieces of writing they have produced earlier in the year. They will learn how to edit and improve their work by focusing on structure, vocabulary, grammar, and punctuation, helping them to develop a more polished and effective final piece. This process encourages independence and a deeper understanding of the writing process.

Reading: Variety of text types incl. poetry, fiction, non-fiction

Grammar: Continue to manipulate the order, length, types and openers of sentences to create interest and variety.

Use a variety of punctuation (, ; ! -) Ensure cohesion is shown over the entire piece of writing. Select the appropriate form for writing.

Spelling: Year 6, 5, 4 and 3 national curriculum lists and high frequency words misspelled.

RE Christianity For Christians, what difference does it make to belong to God's Kingdom?

Help pupils to understand that most Christians believe they are called to live in a new and distinctive way, enabled by the Holy Spirit.

Games and PE

PE: Athletics. Track and Field events including long distance running, sprinting, relay, triple jump, shot put and javelin.

Yoga: mindfulness

Geography Sustainability:

explore how human actions impact the environment and what can be done to protect our planet for the future. Renewable and non-renewable resources, climate change, recycling, and how communities around the world are working towards more sustainable ways of living.

Science

Consolidation of knowledge:

Revisiting and consolidating key learning from previous years across a range of scientific areas such as: plants, animals including humans, materials, forces and light.

Year 6 Summer Term One

Trips, key dates and other Reminders

Key Dates: SATs Week Monday 12th May – Thursday 15th May

Reminders: Outdoor games on Wednesday, with indoor PE on Friday. Homework handed in on Monday and returned on Tuesday.

Computing

Powerpoint: How to create engaging and informative presentations. Designing slides, adding text and images, animations and transitions.

Music Music and me:

exploring different ways of making their own music, while exploring the work of some of the most influential women in music over the last 100 years.

Mathematics

Shape: identifying, comparing, and classifying a range of 2D and 3D shapes. Learning how to calculate angles, use accurate vocabulary to describe properties of shapes, and explore concepts such as symmetry, nets and circles.

Position and Direction: Pupils will build on their knowledge of coordinates by learning to describe positions in all four quadrants. They will also practice translating and reflecting shapes across axis, using precise mathematical language to describe movements and positions on a coordinate grid.

Times Tables: Continued written practice and rolling numbers.

Reasoning: Targeted reasoning practice with methods clearly modelled while practising exam technique.

PSHE

Relationships: the class look at mental health and how to take care of their own mental well-being. They talk about the grief cycle, about people who can try to control them or have power over them. They look at online safety.

Art Painting & mixed media: Artist

study: developing personal interpretations and creating abstract art pieces based on selected artists.
