Introduction to Waves of Provision at St Lawrence C of E (A) Junior School

Approximately 20% of pupils need additional targeted support to remove barriers to learning, close gaps and make progress. This is normally small group interventions carried out for a specific length of time. See our Wave 2 provision map for more details of our current

Wave 3

Long Term Needs

A small percentage of pupils have an Education and Health Care Plan. Interventions are delivered by trained staff supported by the class teacher, Specialist Teachers, Outside Agencies and the Assistant Headteacher for Inclusion. Please see our Wave 3 provision map for more information.

Wave 2

Additional Short Term Interventions

(Interventions delivered by class teacher, TA, HLTA or Inclusion Leader)

Wave 1

Quality First Teaching

(High quality personalised teaching and learning delivered by the class teacher everyday in the classroom)

All pupils are entitled to this. Please see our Wave 1 provision map for details of how teachers provide high quality inclusive teaching and learning. The majority of children's needs will be met through this provision.

Our provision map shows the variety of interventions that regularly take place at St Lawrence C of E Junior School. Interventions are based on the needs of the children so some may be subject to change.

Dimensions of Need

There are four categories of provision within each 'wave'. These are known as 'Dimensions of Need'. Pupil's needs are identified under a specific 'Dimensions of Need' and support is implemented accordingly.
