

PE and Sport Grant Funding and Expenditure 2021/2022

The government is providing funding for the year 2021/22 to improve the provision of PE and sport in primary schools. This funding is ring-fenced and can only be spent on sport and PE provision in schools. Schools must use the funding to make additional and sustainable improvements to the provision of PE and sport, for the benefit of pupils, to encourage the development of healthy, active lifestyles.

Our aim is to raise achievement throughout the whole curriculum supported by high quality physical education and sports at St Lawrence School.

Every child will receive a high standard of PE teaching due to quality teacher training.

This has been achieved through:

- Improving the provision of PE and sport by improving PE provision through continuing professional development (CPD), and developing the knowledge skills and capacity of the teaching staff to enable them to deliver high quality PE lessons.
- Developing skills and competence in specific sports and improving performance by introducing the children to a wide range of sports through the use of external sports coaches.
- Increasing healthy activities for the children during the school day. We also provide a wide variety of school sports clubs to encourage children to engage in sport outside school, and by paying for before and after school sports related clubs for pupil premium children.
- Maintaining participation levels in competitive sport, working closely with Mark Simmonds from Active Surrey and the Esher District Primary Schools Sports Association (EPDSSA) to take part in as many opportunities for competitive sport as feasible throughout the year.

Funding due for the 2021/2022 financial year – £18,920 plus £3,016 surplus from 2020/21 = £21,936

Up to the end of the 2021/2022 financial year the grant has been spent on:
